

We promote **RENEWABLES** and planning of future **ENERGY NETWORKS** in line with our **COUNTY DEVELOPMENT PLAN 2016-2022**

Our **ENERGY MANAGEMENT SYSTEM** is compliant with **ISO50001** to continuously improve our energy performance, achieve 2020 targets, and comply with energy legislation

We support **GREEN BUSINESS DEVELOPMENT** and Smart Dublin's **SMART CITY PROJECTS**

Future Proofing the County

We have a detailed **ENERGY POLICY** which covers all of our corporate energy usage - see our 'Energy' page on dlrcoco.ie for details

We promote **IS399:2014 ENERGY EFFICIENT DESIGN** and new builds which meet **nZEB** and **PH** standard

Dún Laoghaire-Rathdown County Council's Energy Team is committed to building a more sustainable and energy-efficient County, through a range of innovative energy projects.

We pursue **ENERGY GRANTS** including SEAI's **BETTER ENERGY COMMUNITIES, EXEED & DEEP RETROFIT** programmes to encourage energy-efficient action

We are a member of the **COVENANT OF MAYORS FOR CLIMATE & ENERGY** which commits the Council to produce a **SUSTAINABLE ENERGY & CLIMATE ACTION PLAN** and to reduce CO₂ by 40% by 2030

We actively **ENGAGE WITH STAKEHOLDERS** like Government Departments, SEAI, Businesses, and Communities, for energy improvement
