PROGRAMME FOR

THE DUBLIN CITY

ENERGY FAIR

CIVIC OFFICES, 19TH JUNE, 10AM - 3PM

The Walkway

WATER-SAVING STAND

Get some great tips for saving water and cutting costs, plus enter our raffle to win a water butt.

RENEWABLE ENERGY DEMONSTRATIONS

Learn all about the latest in renewable technology and the opportunities it can present to power your home with clean energy.

ENERGY-EFFICIENCY LIGHTING DISPLAY

Lost when it comes to LEDs? Confused about CFLs? Well don't be in the dark because our interactive lighting display will tell you all you need to know about the different bulb types on the market, what light they give off, how energy efficient they are and how much they cost.

UPCYCLING STAND

Get inspired by the Upcycle Movement who will show you how old, discarded items can be transformed into beautiful and useful creations for your home.

Fishamble St. Entrance

LEGO DEMONSTRATION

Bring out the big kid in you and explore solar cars, solar stations and wind turbines all built from Lego and powered by renewable energy!

ELECTRIC BIKE TEST DRIVES

Take a test drive of an electric bike which is a fast, cheap and sustainable way of getting you around the city and compare the power and speed of an electric bike to a conventional bike.

RENEWABLE ENERGY LEARNING BUS

Hop on board for an interactive learning experience which includes a range of promotional material to get your sustainable journey started. The learning bus will also feature a virtual tour of our 3D sustainable house which highlights all the renewable sources that could deliver clean energy to your home.

HOME ENERGY SAVING KIT DISPLAY

Check out Ireland's first home energy saving kit, which will soon be available to hire from a number of Dublin city library branches. The kit literally equips you with the right tools to make your home more energy-efficient!

Staff Canteen

Dublin City Council staff-only events

THE 5CUBE STAND

Learn all about the 5Cube at Hanover Quay in Dublin's Docklands. The 5Cube represents how much oil we are consuming in Ireland every five minutes and sends a powerful message about our need to switch to renewable sources. You can also sign up here for a visit to the 5Cube in one of the Council's electric vehicles.

ENERGY BICYCLE CHALLENGE

Let Green Aware show you how much energy it takes to produce a watt in our bicycle challenge, with great freebies for those who take part!

CARICATURE DRAWING SESSION: RENEWABLE DUBLIN

Let our talented artist draw your caricature with your preferred choice of renewable energy!

SUGGESTION TREE

Why not contribute to our suggestion tree as to how we can develop Dublin as a sustainable and clean city.
